EDUCATION

National Open University of Nigeria

B.SC. COMPUTER SCIENCE

Expected Graduation: 2027

PROFILE

FullStack Developer with expertise across the entire stack, from building pixel-perfect React/SCSS interfaces to designing RESTful APIs, back-end services with Node.js/Express, and database management with PostgreSQL/MongoDB. Skilled in authentication (JWT/OAuth), cloud deployment, and performance optimization. Passionate about clean, reusable code and delivering seamless, high-performance user experiences end to end.

EXPERIENCE

FRONTEND DEVELOPER, Freelance Projects

Feb 2025 to Present

Built responsive UIs with React, HTML, and CSS
Implemented reusable components for multiple portfolio sites
Integrated Git version control across projects

SKILLS

- SCSS
- Linux
- PostgreSQL
- Jest
- HTML5
- Node.js
- React.js
- VS code
- Drizzle ORM
- CSS3
- Express
- Git
- Netlify
- Docker
- JavaScript
- Python
- GitHub
- Figma

PROJECTS

Chef Cloud AI

Built asmart recipe suggestion app using a Hugging Face NLP model. Conditionally renders the “Suggest Recipes” button only when the user input at least four ingredients. Dynamically displays meal recommendations from API responses in a responsive React layout

Tenzies Game

Dicegameimplementedwith React hooks and state. Players hold dice to get all matching numbers.

Assembly Endgame

Aletter-guessinggamethat visually eliminates programming languages for each wrong guess. Game ends after 8 incorrect guesses. Correct letters turn green; all buttons deactivate after win/loss, and a “New Game” button appears.

CERTIFICATIONS

Course Completed: Complete Intro to React, v9

Frontend Masters , Sept 2025 to Present

Course Completed: Full Stack for Front-End Engineers, v3

Frontend Masters , Present

Course Completed: Introduction to Node.js, v3

Frontend Masters , Feb 2026 to Present

Course Completed: API Design in Node.js, v5

Frontend Masters , Present

Course Completed: Complete Intro to Linux and the Command-Line

Frontend Masters , Present

Course Completed: Complete Intro to Databases

Frontend Masters , Present
